

EDITION PATROL

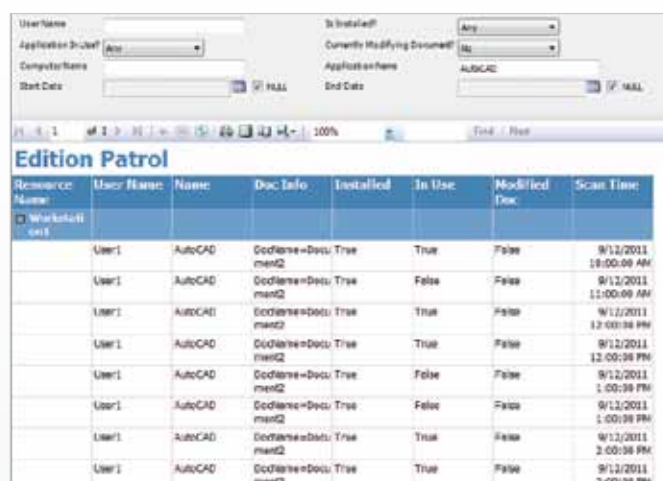

Ideas that will move your business in a new direction

“A satellite broadcasting company believes it can save £1000's by replacing its software editions with view-only equivalent and **Protirus** have designed the solution.”

Protirus Edition Patrol tells you exactly which instances of your premium software are being used to simply view or read files, allowing an administrator to consider replacing it with the vendors free “reader” alternative.

Features

- Runs from Symantec Management Platform
- Invisible to user
- Configurable to when and what software it searches for
- Allows reporting by Workstation / User / Application / Date
 - e.g. Tell me all workstations that have used Adobe Acrobat to view files, but not edit, in 2011

Resource Name	User Name	Name	Doc Info	Installed	In Use	Modified Doc	Scan Time
Workstation1	User1	AutoCAD	GodName=Docu: True ment2	True	False		9/12/2011 10:00:00 AM
	User1	AutoCAD	GodName=Docu: True ment2	False	False		9/12/2011 11:00:00 AM
	User1	AutoCAD	GodName=Docu: True ment2	True	False		9/12/2011 12:00:00 PM
	User1	AutoCAD	GodName=Docu: True ment2	True	False		9/12/2011 12:00:00 PM
	User1	AutoCAD	GodName=Docu: True ment2	False	False		9/12/2011 1:00:00 PM
	User1	AutoCAD	GodName=Docu: True ment2	False	False		9/12/2011 1:00:00 PM
	User1	AutoCAD	GodName=Docu: True ment2	True	False		9/12/2011 2:00:00 PM
	User1	AutoCAD	GodName=Docu: True ment2	True	False		9/12/2011 2:00:00 PM

Above: Edition Patrol
